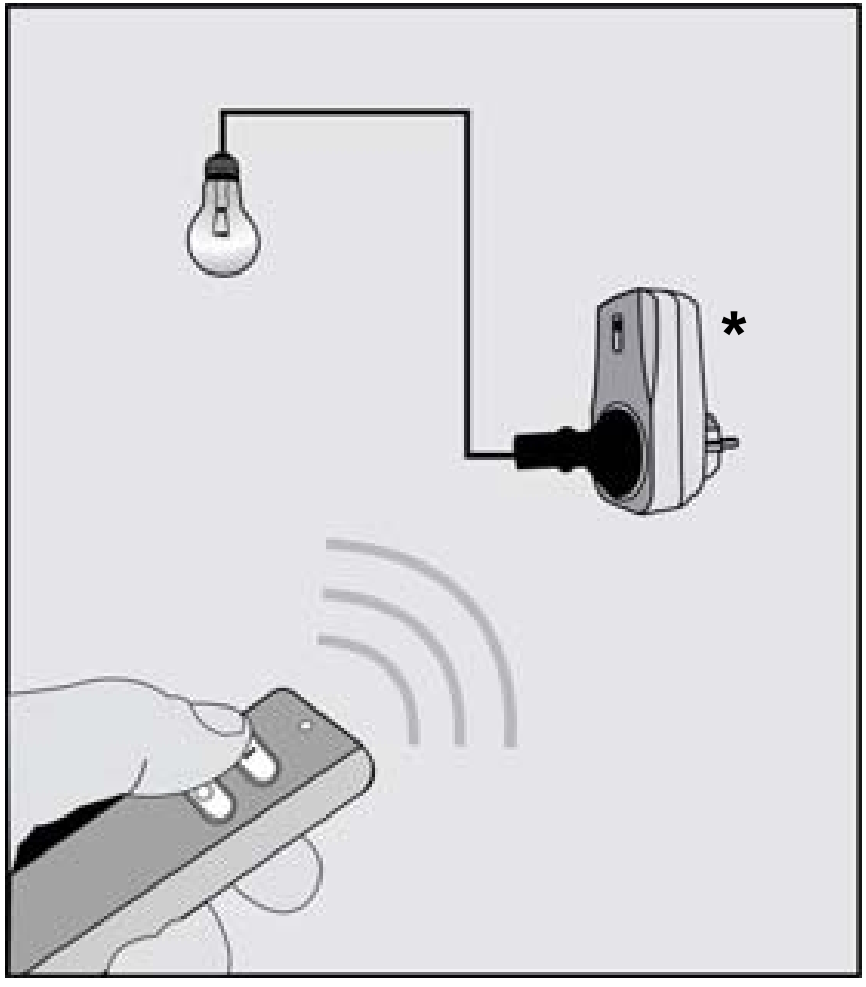
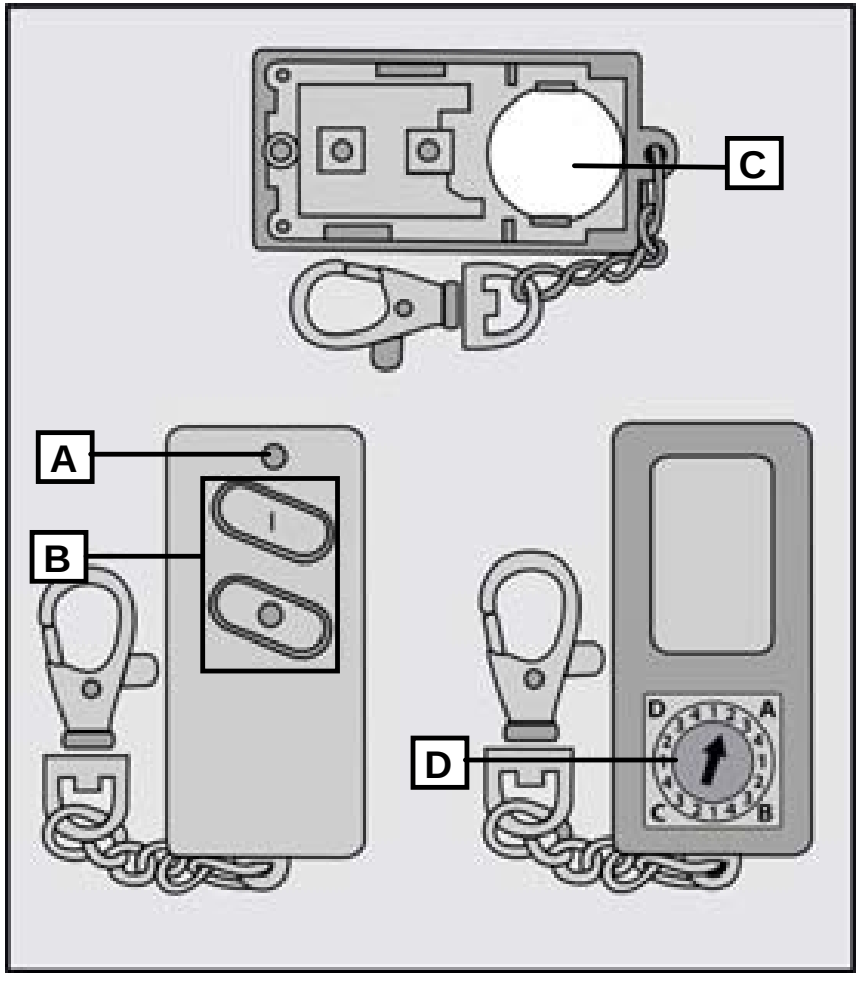
USER'S MANUAL
version 1.1

English

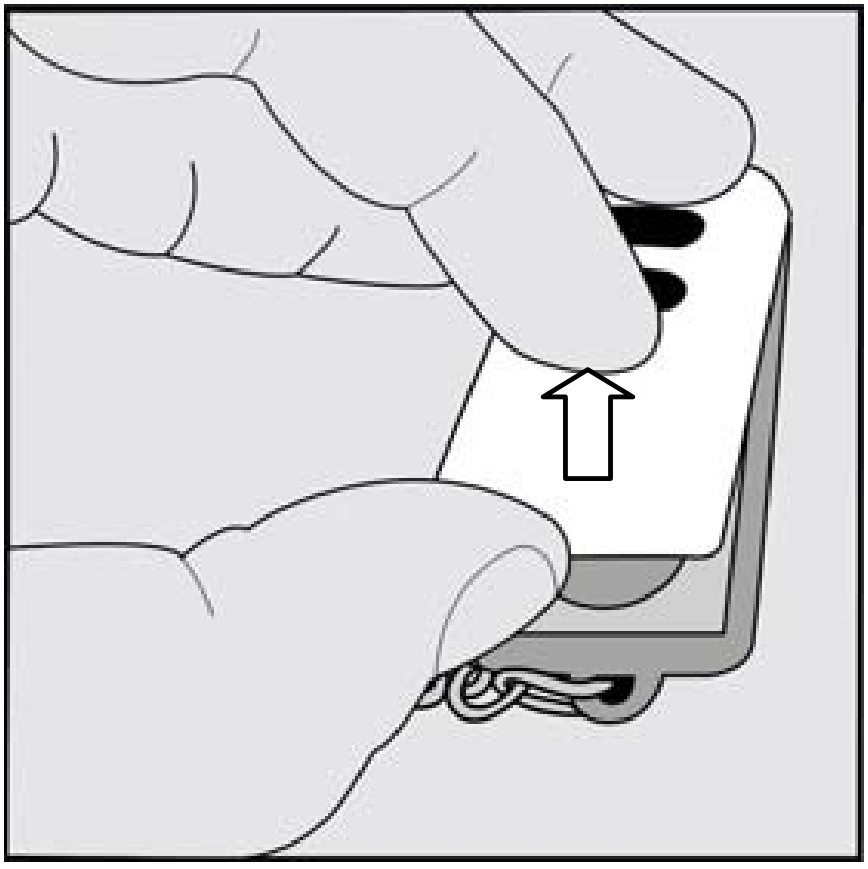
KCT-510 KEYCHAIN REMOTE CONTROL





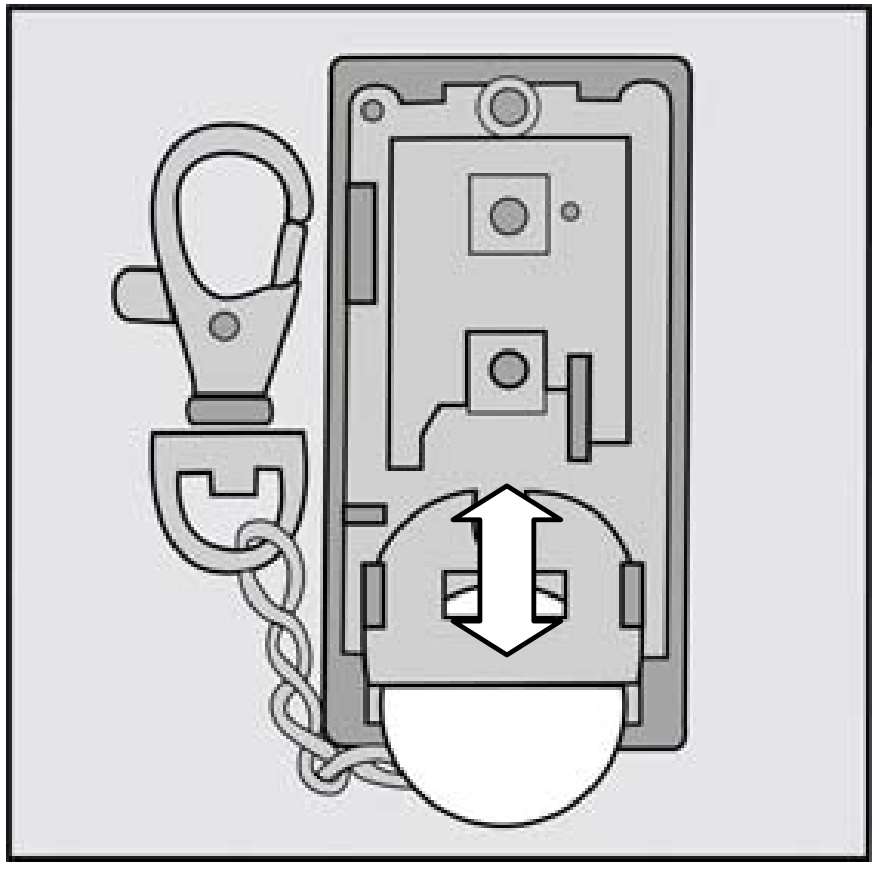
***** *Picture of an arbitrary COCO receiver (not included)*

A: Indicator
B: On/off buttons
C: Battery
D: Code selector



[1] Carefully unsnap the front side from the back side. Use a flat screwdriver if necessary.

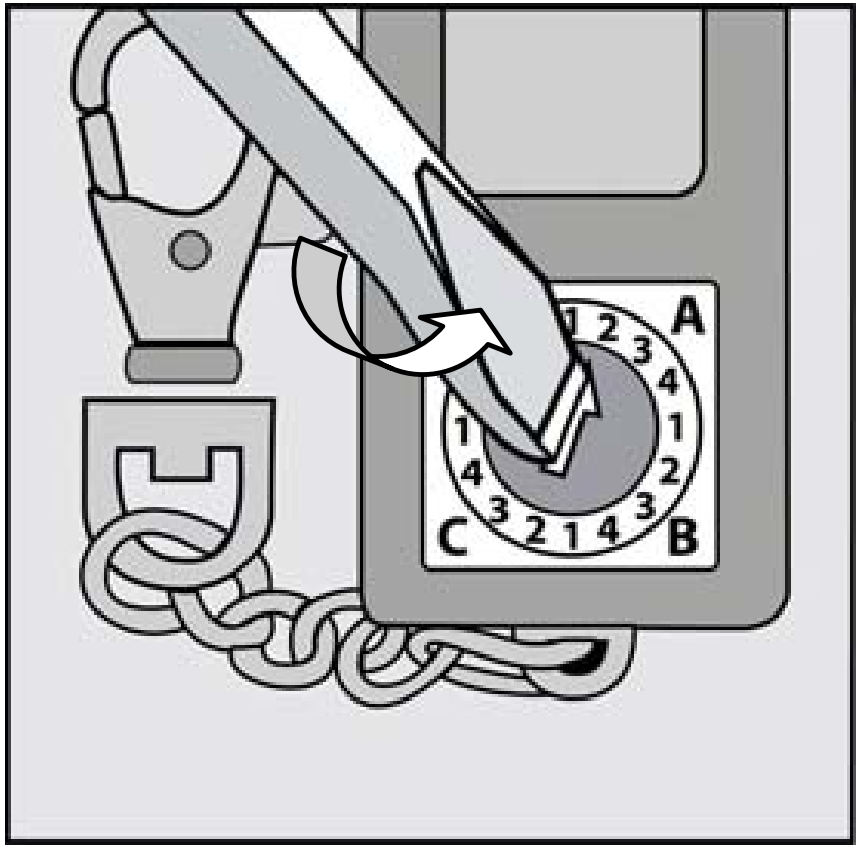
⚠ *Be careful not to break the small catch on the inside (near the indicator)!*



[2] Install a battery. Now snap the front side onto the back side again.

⚠ *Only use a 3 Volt CR2032 lithium battery!*

⚠ *Install the battery with the "+" pole face up!*



[3] Set the code switch to a desired number and letter combination. The selected combination must match the setting of your receiver.

⚠ *You may have a COCO receiver that automatically programs itself to the code (see the corresponding manual)!*

[4] Press the on or off button. All the receivers set to the same letter and number combination are operated.

⚠ *The indicator lights up when a button is pressed!*

Remarks

⚠ Reminders

- This product must be used in combination with at least one COCO receiver. The wireless system can be expanded indefinitely with other COCO remote controls and/or receivers.
- This product is a remote control for switching one or more COCO receiver(s) on and off.
- The dimming function only works if the concerned receiver supports this function.
- If the product does not work or does not work properly:
  - Check the correct placement and/or function of the battery (replace if necessary).
  - Check step for step whether the concerned receiver is programmed correctly.
  - Make sure the set "house code" (see **[3 - 4]**) of this product is the same as on the COCO receiver(s) that are to be controlled.
  - Someone else in the area may be using the same code. Set the system to a different house code.

⚠ Safety instructions

- When using this product to control an outside door drive system (e.g. a garage door), the supplier is not responsible for damage resulting from an intruder who cracks the code and/or due to a lack of sensors to prevent contact with obstructions during the opening/closing of outside doors.
- Do not expose this product to excessive heat, direct sunlight or moisture.
- Remove the battery from this product if it will not be used for an extended period.
- Do not attempt to repair this product. If the product is damaged or if you are in doubt about the proper operation, take the product back to the place of purchase.
- Never use COCO products for life support systems or other applications in which equipment malfunctions can have life-threatening consequences.
- Do not use the product in damp areas. Clean the device with a clean cloth.

⚠ Power

- Replace the battery if the transmit indicator no longer lights when the on/off button is pressed.
- Only use a 3 Volt CR2032 lithium battery.
- Do not throw the battery into an open fire.

- Respect the local regulations when disposing of batteries.

⚠ Wireless

- This product works using a radio signal that passes through walls, windows and doors. The range is maximum 75 metres in the open air. The range indoors is strongly influenced by local conditions such as concrete, glass and metals. On average, the indoor range is approximately 30 metres.
- New double glass often includes a thin metallic layer. This type of glazing ("**HR glass**") allows most visible light to pass through but has a negative impact on radio signals. If there is HR glass between the transmitter and receiver, you should expect a significant reduction of the range of the wireless signal.
- This product operates at a frequency of 433.92 MHz. It complies with the essential requirements and other conditions of R&TTE Directive 1999/5/EC and can be used in all EU countries.
- There may be restrictions on the use of this device outside the EU. If this device is used outside the EU, check whether the device complies with the local directives.

CE

This product complies with the essential requirements and other relevant provisions of the applicable European directives. The Declaration of Conformity (DoC) is available at www.coco-technology.com.

If possible, submit this product for recycling after use. Do not dispose of the product with household trash.

Warranty and copyright

This device is covered by a 2-year warranty that begins on the day of purchase. Visit www.coco-technology.com/warranty for additional information. Reprinting of (portions of) this manual without permission from Pan-Trade International B.V. is expressly prohibited.
